The Americans who were wounded are reported to be improving, though suffering painful wounds. Artillery action in the sector occupied by the Americans was fairly lively today.

Special to The Democrat-Forum.

Washington, Nov. 7.—The sinking of the American patrol boat, Alcedo, by a German submarine early Monday morning with the loss of one officer and twenty enlisted men was received by the navy department with deep regret, but not with surprise. Daily reports from Admiral Sims led officials here to believe that the submarine warfare will be carried on with more intensity than ever before.

TALKS PRO-GERMAN

LOCAL JUNK DEALER MAKES SEDITIOUS UTTERANCES.

WANTS GERMANY TO WIN

Louie Carr Is Cited to Federal Authorities by Mayor Robey as Being an Enemy Alien.

A pro-German, a resident of Maryville, who goes about openly expressing the belief that "America will get a plenty before she is through," and the hope that "Germany will win the war," is possibly awaiting arrest by federal authorities, or, in the event no action is taken, local authorities will doubtless ask him to retract his utterances or leave the city.

The man is Louie Carr, dealer in old junk, with offices at the coal and feed yard of Glover & Alexander, where he has been ever since coming to Maryville about a year ago. He was born in Russia.

Carr went into Edwards' cafe last night and according to Robert D. Goforth, a student at the Normal school who is employed there, engaged him in conversation about the war. Goforth says Carr referred to a paper he (Carr) was reading and said: "America will get all she wants of this war before she is through with it and I hope that Germany wins."

News of the seditious utterances reached Mayor Robey this morning and he immediately called Goforth from his class at the Normal to have him make a verification of them. Goforth assured Mayor Robey that Carr had said exactly the words quoted.

W. G. A. Edwards, proprietor of the cafe and others heard the remarks made by Carr, and so informed Mayor Robey. Carr had a Hebrew paper which he said contained an account of the loss of American soldiers to the Germans a few days ago, remarking that it was the same story as the one carried by the Democrat-Forum, the issue being that one that contained word that Frank E. McDougal, of Maryville was among the captured or missing. According to those who heard him, Carr is said to have asserted that "America will get a plenty before she is through and I hope that Germany wins the war."

Mayor Robey went at once to the county attorney's office to see what action was necessary. He was told to secure the man's name and report the occurrence to A. T. Bagley, special federal officer at Kansas City. Mr. Bagley could not be reached by phone today and Mayor advised him by letter. It was not learned at a late hour this afternoon whether the prosecutor's office would take any action before hearing from Mr. Bagley.

TWO EARLY MORNING BLAZES

Blaze at Fanning Home Believed to Have Been Work of Incendiary—E. L. Ferritor's Loss $100.

Two fires, one of them believed to have been of incendiary origin, called the fire department at early hours this morning. The first was at the home of E. L. Ferritor, 535 West Fourth street, where a bonfire built by the children early in the evening had been neglected and during the night sparks blew to the outbuildings, burning the barn, coal and chicken house, together with thirty-five hens, and an outhouse. Mr. Ferritor's loss was estimated at $100 with no insurance. The department received the call at 12:45, making a quick run. Water pressure was good and one section of the hose, being old, burst, causing the men some trouble.

The second call came at 4:45 from the home of Ed Fanning, 804 North Walnut, where a new fence recently built about a horse lot was on fire. The fence was made of native timber, which is slow to burn and when the department arrived the entire fence was in flames. Chief Rowley believes the fire was the work of an incendiary.

A BUSINESS MEN'S SERVICE

Short Meetings Are Being Held At Downtown Points By Dr. Wright and Singer David Hughes.

"Threefold Witness of God," was the theme at the Baptist meeting last night. Mr. Hughes was heard in two numbers. Both the afternoon and evening audiences showed marked increases both in interest and numbers. The junior chorus went into action last night to the delight of all. The down-town meeting for men will be held at the Commercial Club rooms, Thursday at 10 o'clock. These meetings will last 10 minutes and consist of song, one point sermon and a prayer. The service today was at the Bainum hotel.

The services at 2:30 o'clock each afternoon are increasing in interest and in power. The helpers in the meeting express themselves as delighted with the town and country here.

The ideal weather is no small item in favor of the continued success of the services.

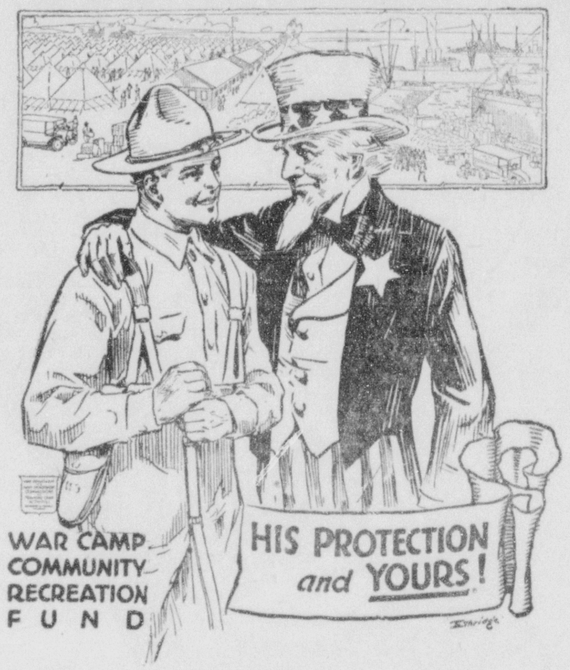
THE DEMOCRAT-FORUM'S SUNDAY SCHOOL EDITION.

More than 800 copies of Friday's issue of the Democrat-Forum will be sent to representative Sunday School and church workers all over the state. This issue will also contain a good write-up of Maryville's business firms, school and churches.

Not only will the issue be worth while because it will reach so many hundreds of the most desirable persons of the state, but the edition will go to all the subscribers in the county, and will be good as a local advertising medium.

To guarantee insertion in this edition, all advertising should be in the Democrat-Forum's office by Thursday noon. Reserve space now for your ad.

THE DEMOCRAT-FORUM.



Uncle Sam is doing everything in his power to protect his fighting men. It is his duty and his obligation to do so. But this protection does not go beyond certain bounds. Congress has made no appropriation for wholesome recreation conditions in the communities near the camps. Where Congress has stopped, the War Camp Community Recreation Fund begins—a fund endorsed by President Wilson and administered under the direction of the War Department and Navy Department Commissions on Training Camp Activities. In the vast mechanism of War, the individual must not be forgotten—the human side of it—the duty we owe to that part of every soldier which DOESN'T fight. Contributions to this cause mean protection in its biggest sense—moral protection.

NODAWAY IS LAGGING

OTHER COUNTIES IN DISTRICT AT WORK ON Y. M. C. A. FUND.

ATCHISON IN THE LEAD

Mass Meetings Are Being Held There in Every Town—Workers Out in Other Two For Quota.

Millions of soldiers each month thank God for the friendly Y. M. C. A. centers as a relief from the hard, cold life of the camp and trenches. But it takes millions of dollars to continue and to extend this vital home touch—to keep these home ties from breaking.

With active campaigns on this week in every town and county in the United States by committees in charge of raising a fund of 53 million dollars to be used by the Y. M. C. A. in providing amusement, recreation, education, a place to write letters, a place for religious gatherings, Nodaway county has taken no active steps towards raising its quota of approximately $4,000.

In Atchison one of the four counties comprising this district, Rev. C. P. Foreman, chairman, has perfected an organization that is earnestly and vigorously at work raising its quota of $4,080. Mass meetings are being held in every town in the county and the report comes to E. M. Claypool, secretary for the district, that the amount will be greatly oversubscribed. In Worth county W. V. Hauber, chairman, has perfected a working organization and is going after the sum apportioned that county. A report from Gentry, the third of the four counties in the district, advises that the work is being pushed there.

George B. Baker is district chairman for the four counties of Nodaway, Atchison, Worth and Gentry. S. G. Gillam is chairman for Nodaway.

The fund is proposed to be distributed in the army and navy at home and over-seas and in Russia, France, Italy and in prisoner camps.

There is going to be some mighty giving required in this war and at once, for the need is urgent. If our boys, tired, cold and mud-stained could only knock at your door tonight, how wonderfully you would minister to them. With what eagerness you would comfort and feed them. You would do this in your homes. Help the Young Men's Christian association do this for you in the camps at the front—where you cannot go.

TAMMANY MAN WINS

HYLAN ELECTED IN NEW YORK BY MORE THAN 140,000.

DECLARES HE IS LOYAL

"Am As Good An American As Any Man and Determined to Support the Government"—Other Elections.

Special to The Democrat-Forum.

New York, Nov. 7.—John F. Hylan, a county judge of Kings county, was elected mayor of New York yesterday by a plurality of more than 140,000. He carried with him the entire Democratic city ticket.

Mayor John P. Mitchel, who sought re-election as a Fusion candidate, was a poor second in the race. His vote was 145,459 compared with 288,435 for Hylan. Morris Hillquit, the Socialist candidate, stood third with 134,890, and William M. Bennett, the Republican candidate was fourth, with 51,956.

Mayor-elect Hylan says:

"I want to make it plain to the world that there was no issue of Americanism or loyalty involved, so far as I am concerned. There could be none, for I am as good an American as any man, as loyal to my flag, as loyal to my country and as firm, as determined in support of every act of the government in this war as any man."

ITALIANS ARE FALLING BACK

Germans Bring Fresh Troops to Aid in Big Drive—Italians Offer A Stubborn Resistance.

Special to The Democrat-Forum.

Rome, Nov. 7.—Cadorna's army is retreating, finally, but is stubbornly contesting every foot of ground as it nears the Piave river, where a crucial battle with the Germans is believed to be inevitable. The war office has announced that the Italians have withdrawn to the Lineza river in good order, the statement adding that the enemy bridges over the Tagliamento river were heavily shelled.

That General Cadorna plans at least one more engagement with the ever increasing enemy hordes before taking up battle formation along the Flave river, is the consensus of opinion among military authorities here today. Venetian advices tell of the fresh arrival of enemy troops, bringing the total of the enemy now on the front to more than a million men. Venice is undoubtedly the objective of the Germans, military critics now admit.

HAIG IN ANOTHER STRIKE

Has the Germans in Flanders With Backs to the Boulders—Starts Bombardment of Roulers.

Special to The Democrat-Forum

London, Nov. 7.—The Germans stand with their backs to the boulders, evidently determined to make their stand at that important base until the last vestige of hope disappaers. With the fall of the Passchendaele ridge there remains litti eto stop Haig's push to Roulers, but five miles away. It is the opinion of British authorities that General Haig entertains Roulers as his next objective in the big offensive.

Dispatches from the front today said the British had already begun the bombardment of Roulers and were advancing on that stronghold.

Is Close In Ohio.

Columbus, O., Nov. 7.—With 416 precincts missing, practically all in rural territory, unofficial returns at anti-saloon headquarters showed a dry majority of 609. The result is conceded to be close and will not be definitely known until all the returns are in.

IS A SHORTAGE OF PENNIES

Coppers are Scarce and a Famine Looms Up—May Have to Rob Kid's Banks for Supply.

There is no scarcity of money in Maryville, but a penny famine looms up. If the local situation is to be relieved, more than one child will have to "tap the bank roll" if a copper famine is to be avoided. The penny shortage is due to the fact that the war tax which went into effect November 1 is making a great demand for pennies. Everybody is asking for pennies. The supply at the local banks is becoming short and a similar situation exists in all of the banks in the large cities throughout the country. As a result of this shortage, considerable embarrassment is being caused in business circles. There is plenty of all other coins, with the exception of silver dollars and they too are becoming scarce. But just as long as there is plenty of "long green" no one is going to worry over the silver dollar shortage.

"I don't know how soon there will be a real penny famine," a Maryville banker said today. "Kansas City is drained of pennies and I guess the situation will not be relieved until the mint at Denver can make a shipment. Meanwhile, we are trying to accommodate as many as possible, but the public can assist by turning in their pennies in exchange for coins of larger denomination.

"Children can do much toward, relieving present needs if they will 'rob' their savings banks and exchange their pennies for larger coin. There are several hundred children in Maryville who have a dozen or two pennies in their little banks and if these could be released it would help considerably. I hope parents will have them do this.

"Of course the scarcity is only temporary and there will be plenty of pennies to handle the war taxes in a few days."

Now For Thanksgiving.

Now that the second liberty loan is out of the way, Hallowe'en has "came and went," we have settled down to the 3-cent postage and the 12-cent cigar and the increased price of "chawing," lets all get our minds on Thanksgiving day and — but heck! What have we to be thankful for with all these increased expenses, and allowed only a spoonful of sugar, and —but then think of the poor boys in the trenches and the millions "over yonder" who haven't even the comfort of a cold crust! Guess we have much to be thankful for, after all.

A Maryville Woman Appeals to Red Cross to Use By-Products of Human Energy Wasted.

Editor Democrat-Forum:

In the Red Cross work it is the custom, I believe, to have all the work done in the Red Cross shop. No part of the accomplishment is allowed to occur in one's home. For the rank and file of strong and healthy women this rule makes no particular difference, but to the really large company of women who reckon their vitality in small doses, and who find that the daily rounds of "musts" uses up nearly all the life force at their disposal, this makes the question of "how can I do my bit" loom pretty large. If, after the household tasks are finished, the husband off to his business, and the children at school, it is necessary to dress and take a trip on the street car—many women will find it impossible to make the added effort. Some days they might be able to go, but what is to become of all the half hours when work might be done at home. After these minutes to be thrown away as of no consequence? Are these women with their enthusiasm to be lost to the great cause? Is the amount they can do to be overlooked?

I am one of the half soldiers myself, and I realize how bitterly these women mourn that their health bars them from the 100 per cent class, and from promising their full share of relief work. For that reason I have interested myself in what it is possible for a physically handicapped woman to do, and I have discovered that it is a most amazing lot when broken up into short periods of effort. I have one friend who never leaves her chair; she is obliged by illness to remain in it; What she accomplishes is simply stupendous. Another friend is troubled with headaches—fearful ones, but what she manages to turn in between these attacks will ease many a suffering American boy in hell-ridden Europe.

It seems to me that no sincere effort should be rejected. We can't afford to reject the thousands of garments and gauze dressings that these "home-tied" women could hand in. A successful business man considers by-products. He lets nothing go to waste. How appallingly foolish to throw away odds and ends of human energy which might be utilized for such glorious achievement.

Everything nowadays can be sterilized, so the danger of infection is nothing.

This is a big war and its vast ramifications include a humanitarian management. It is not kind, nor is it the interest of efficiency to discard the worker at home.

A "HALF SOLDIER."

Too Sick To Work

Many Women in this Condition Regain Health by Taking Lydia E. Pinkham's Vegetable Compound.

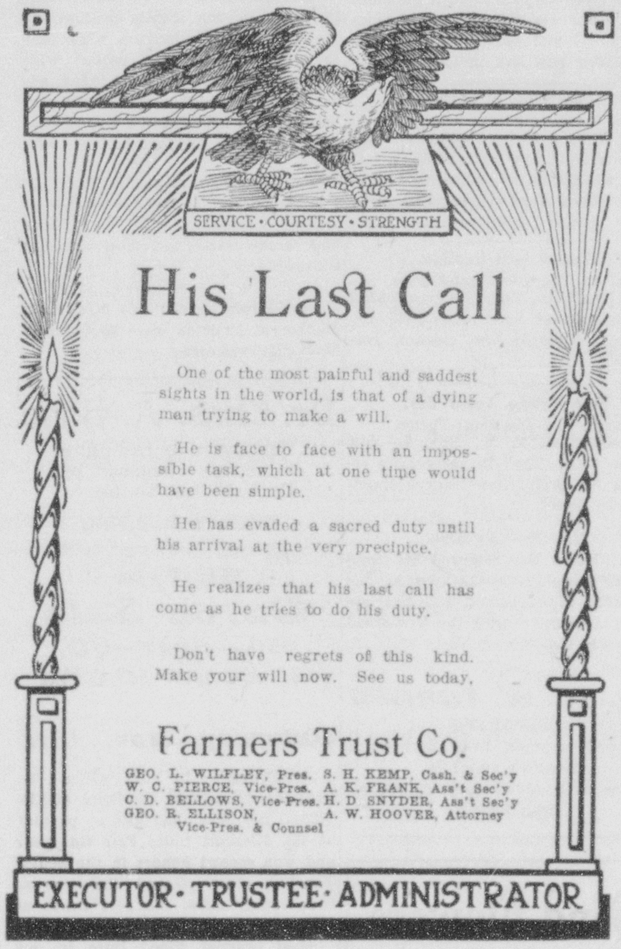
Convincing Proof of This Fact

Ridgway, Penn. — "I suffered from female trouble with backache and pain in my side for over seven months so I could not do any of my work. I was treated by three different doctors and was getting discouraged when my sister-in-law told me how Lydia E. Pinkham's Vegetable Compound had helped her. I decided to try it, and it restored my health, so I now do all of my housework which is not light as I have a little boy three years old." —Mrs. O. M. RHINES Ridgway, Penn.

Mrs. Lindsey Now Keeps House For Seven.

Tennille, Ga.—"I want to tell you how much I have been benefited by Lydia E. Pinkham's Vegetable Compound. About eight years ago I got in such a low state of health I was unable to keep house for three in the family. I had dull, tired, dizzy feelings, cold feet and hands nearly all the time and could scarcely sleep at all. The doctor said I had a severe case of ulceration and without an operation I would always be an invalid, but I told him I wanted to wait awhile. Our druggist advised my husband to get Lydia E. Pinkham's Vegetable Compound and it has entirely cured me. Now I keep house for seven and work in the garden some, too. I am so thankful I got this medicine. I feel as though it saved my life and have recommended it to others and they have been benefited".—Mrs. W. E. LINDSEY, R. R. 3, Tennille, Ga.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.



His Last Call

One of the most painful and saddest sights in the world, is that of a dying man trying to make a will.

He is face to face with an impossible task, which at one time would have been simple.

He has evaded a sacred duty until his arrival at the very precipice.

He realizes that his last call has come as he tries to do his duty.

THEIR 50TH WEDDING DAY

Mr. and Mrs. John S. Van Cleve Celebrate Anniversary—Many Friends Offer Their Congratulations.

Mr. and Mrs. John S. Van Cleve, parents of W. C. Van Cleve, editor of The Democrat-Forum ,are celebrating today at Moberly, Mo., their golden wedding anniversary. More than one hundred and fifty invitations were sent to friends and relatives to enjoy the occasion with them. Mr. and Mrs. W. C. Van Cleve, of Maryville, are in Moberly to remain until after the celebration.

Both Mr. and Mrs. Van Cleve are well known in Maryville, having resided here for some time and Mr. Van Cleve being connected with The Democrat-Forum during that time.

John S. Van Cleve, aged 22, and Catherine Crist, aged 21, were married at Williamsport, Ohio, November 7, 1867. Elder L. B. Sherwood officiated. They came west and located near Darksville, in Randolph county, Mo., and have lived in Randolph county practically ever since. Mr. Van Cleve engaged in farming several years, then entered the mercantile business, and in 1890 moved to Moberly, where he conducted a furniture and undertaking business for twenty years and where his home now is. Two children were born to the union, a daughter, dying in infancy, and W. C. Van Cleve of Maryville.

"For years Mr. and Mrs. Van Cleve have been among Moberly's honored and highly respected citizens," says the Moberly Democrat in telling of the celebration. "Until a few years ago Mr. Van Cleve was a partner in the furniture store which now belongs to Martin & Mahan. When in business as since his retirement he was a genial and popular gentleman, affable and friendly with everybody and always ready to help friends and acquaintances.

Mrs. Van Cleve is a typical homemaker of the good old fashioned type whose chief joy in life is found in making home happy for loved ones. Her friends are numbered by her acquaintances and like her husband she takes a keen joy in life.

The Democrat takes great pleasure in announcing the delightful anniversary and extends best wishes to Mr. and Mrs. Van Cleve. May they live to enjoy many more such happy anniversaries."

EVER TRY CANNED RABBIT?

Kansas Woman Tells Hunters How to Save the Meat—It's Extravagance to Waste It, She Says.

"Now children, I'm just going to open a jar of those rabbits your father killed last fall. That will make a good war time Christmas dinner.

That's what mother could say if she followed the "rabbit canning recipe," of Miss Marion P. Broughten, kansas Side war food specialist, says the Kansas City Star. It is her idea that when a man kills an average of twenty-five rabbits on a hunting trip it is the height of war extravagance to attempt eating all of them or to give the "left overs" to the dogs as prize.

Miss Broughten uses the sterilization method of canning all meats. The rabbit is prepared as if for the table and then packed in sterilized jars. Salt and pepper are added to suit the taste. Then the roaster in which the rabbit was cooked is rinsed with one cup of boiling water and this in turn is poured over the meat in the jars. Put on the rubbers for the jar but do not screw the lids tight, as yet. Now comes the secret of rabbit canning success:

Next place the jars in warm water, bring to a boil for ninety minutes. This makes the water inside the jars come to the boiling point and steam arises in the jars. This steam coming up around the meat sterilizes the rabbit. After this remove the jars and tighten the rubbers until air is excluded.

SUDDEN DEATH

Before an insurance company will take a risk on your life the examining physician will test your water and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout, or sleep is disturbed two or three times a night —take heed, before too late!

You can readily overcome such conditions and prolong life by taking the advice of a famous physician, which is: "Keep the kidneys in good order, avoid too much meat, salt, alcohol or tea. Drink plenty of pure water and drive the uric acid out of the system by taking Anuric in tablet form." You can obtain Anuric at almost all drug stores. It was the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo.

Kirksville, Mo.—"I have been greatly helped by the use of Dr. Pierce's Favorite Prescription. It once cured me of woman's trouble when I was so bad I was sure there was no help for me, and I have given it to my daughters and it was a great help to them. 'Prescription' is a splendid medicine for women or girls who are just coming into womanhood."—Mrs. Nancy Downing, 702 W. Martha St.

St. Louis, Mo.—"When I was a girl my mother always kept Dr. Pierce's Pleasant Pellets in the house. After I married I had indigestion and gastric stomach trouble for some time and would also become very bilious. I took the 'Pleasant Pellets' and they cured me." Mrs. J. L. Van Meter, 1431 Dolman St.

Children of Demonstration School at the Normal Will Raise Fund for Child's Support for One Year.

The children of the demonstration school at the Normal want to adopt a French orphan and are trying to raise the necessary sum, $36.50 for its support for one year. They have given a part of the amount themselves and the fund was added to at the demonstration given last week by the children during the convention of teachers.

The children's motive in giving the program was to show the work they have been doing and to do something for the war orphans. They decided that the better program they gave the more money people would be likely to contribute to the fund. The teachers' motive was to show the visiting teachers the possibilities of a program growing out of regular school work.

The program consisted of music, games, folk dancing and dramatizations. The first two grades dramatized "The Gray Goose," and the "Bag of Corn." The third and fourth grades gave "Pandora," and showed how well children could visualize the old myths. The fifth and sixth grades gave the "Mid-Day Festival in Sherwood Forest," a scene from Robin Hood. The dramatization included folk dancing and music as a part of the story. Miss Zenor directed the children of the third and fourth grades in a demonstration of music. The kindergarten and the first four grades demonstrated children's games and folk dancing.

At the close of the program, Laura Margaret Raines of the fifth grade told the audience that the children wanted to adopt a French orphan and that they had made a donation and then asked them for their help. The money contributed was not enough to make the total amount but the children plan to raise the rest of it by the sale of paper. They are going to ask their parents and other people of Maryville to help them by saving paper and reporting it in the evenings to Mattie Dykes, Hanamo phone 175. The children will collect the paper.
